

Performance Technologies

We Design, Build, Deliver, Manage and Automate IT

Think Ahead.

Who we are

We are a trusted partner for organizations that seek to redefine and reinvent themselves through digital. We provide products, services and solutions that transform traditional businesses into digital leaders. We help businesses grow through the most effective use of technology.

Since 1997, **Performance Technologies S.A.** has helped clients of all sizes across an array of industries understand and implement technology solutions that improve processes and helps business grow. Our team has the technical and business expertise to help you realize the maximum value from your IT investments.

Think Ahead.

Our mission

To help our customers achieve the most effective and efficient business outcomes by delivering world-class information technology solutions

Think Ahead.

Why Performance

Performance Technologies has the experience and know-how to meet your IT needs through a complete and comprehensive portfolio of services including hardware and software technology, consulting services, education and managed services

Think Ahead.

Our People

Our people are our greatest asset. They are the foundation of our success and the standard-bearers of our vision.

Our people are responsible for making **Performance Technologies** the successful company that it is today. We have accomplished this by assembling a team of exceptionally talented and dedicated individuals who are challenged every day to work hard in order to exceed client expectations.

Think Ahead.

Our Values

Integrity: Integrity is the backbone of our character and we demonstrate it in our work and our relationships. **We do what we say,** and **we do what's right,** even when no one is watching.

Customer Satisfaction: Solving challenges unique to each customer. Customers have a choice. Our goal is to be that choice.

Quality: We strive to always understand what is expected and commit ourselves to exceed expectations with accuracy and efficiency.

Teamwork: We operate as one team with common goals, inspiring better results through collaboration and open exchange of ideas.

Innovation: We work innovatively and flexibly driving a unique spirit and energy that makes us different.

Think Ahead.

Making Technology Work

The solutions that simplify IT are the hardest to find, and finding them is what sets us apart. Our expert capability delivers reliable and practical outcomes, so you can get on with running your business.

INFRASTRUCTURE

Our infrastructure offerings bring together planning, architecture, implementation and support within every project.

CLOUD SERVICES

Our expertise supports your organization, whether you require managed private, public or a hybrid cloud.

MANAGED SERVICES

As an extension of your IT team, we free up their time while maximizing your organization's output, growth and innovation.

BUSINESS SOLUTIONS

We design and deliver software solutions for LOB needs and for optimizing your business operations.

Think Ahead.
