# Expand your network across clouds while increasing your security level?

#### Antonis Paravalos

Networking Unit Manager and Solutions Architect

#### Hello!

We are Trusted by Enterprises of all sizes

Partners with world-class Vendors

Engineers who love solving problems

Pragmatic and focused on your needs

We are Performance

### Attackers: Prolific and Sophisticated

Lateral Movement

59%

Internal Attacks

Dwell Time

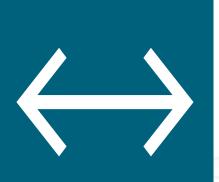

25%

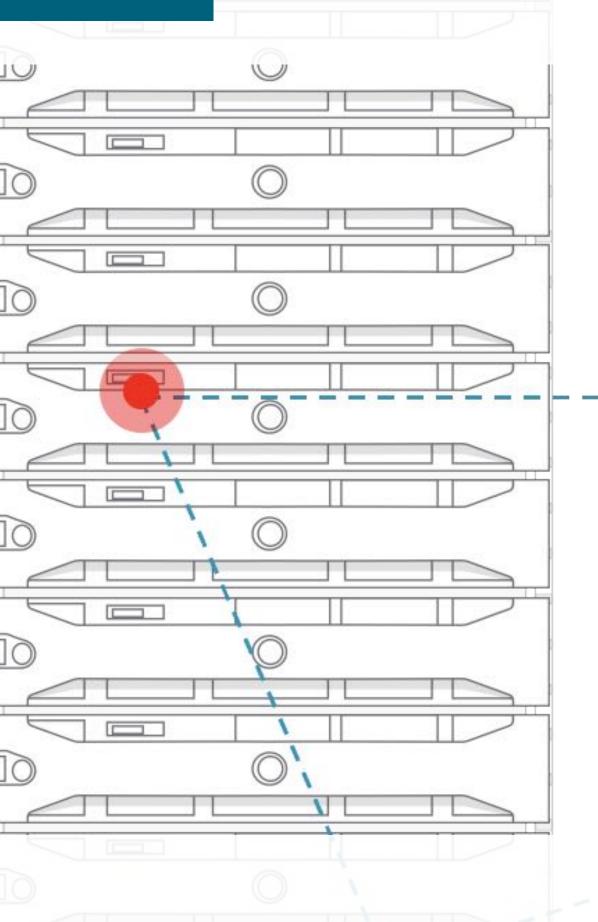

Investigation after ransomware

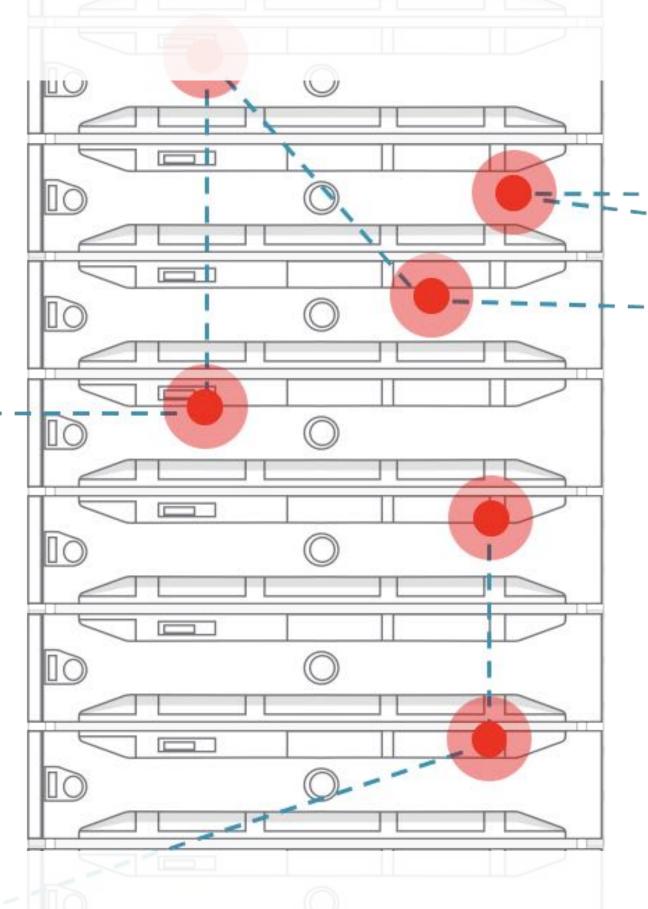

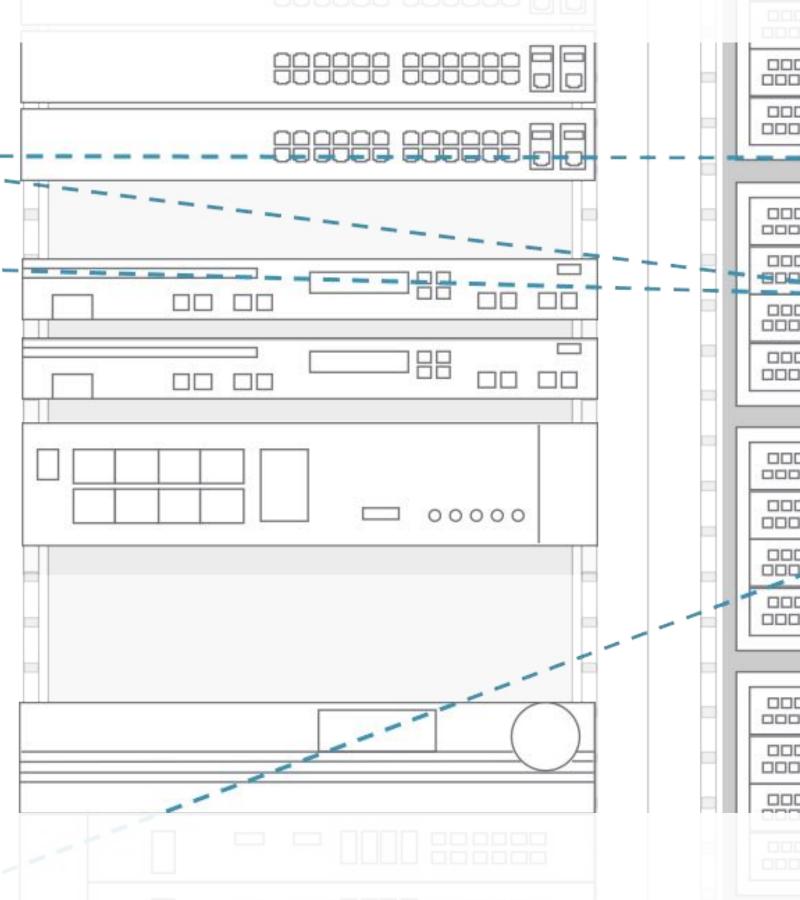

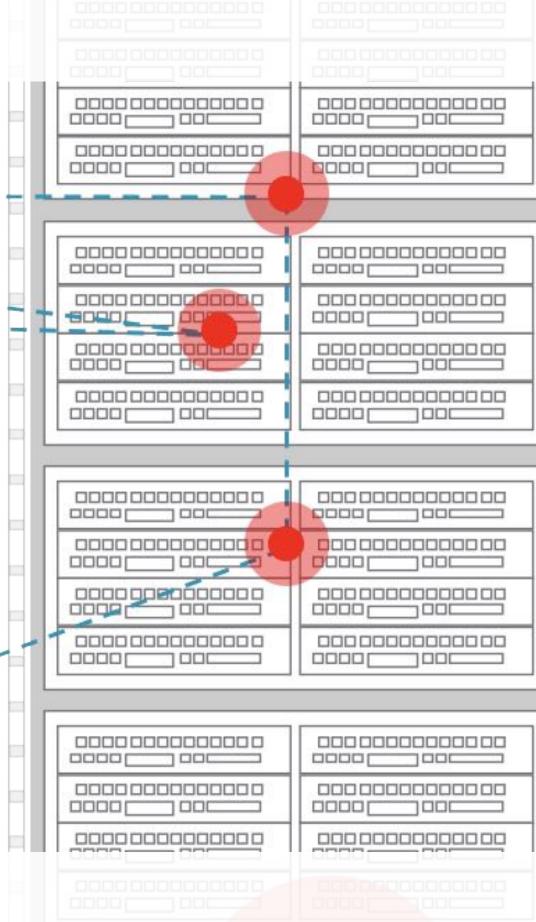

East-West Is The New Battleground

CYBERSECURITY AND CONTINUITY SOLUTIONS

### Zero-Trust network segmentation

VISIBILITY

"Trust no one"
